Text: Within an institution, everything that may be said, must support the goal. The calculations of indirect reciprocity are complicated and only a tiny fraction of this universe has been uncovered, but again a simple rule has emerged. She had little comprehension of what university study entailed, but had a strong desire for higher learning and a Life for mathematics that was nurtured by her teachers.

concepts largely unknown to the home user of the time, it  
allowed manipulation of notes and symbols with a pointing  
device such as a mouse ; the user would "grab" a note or  
symbol from a palette and " drop " it onto the staff in the  
correct location.
